

NOTICE

CITY OF METHUEN DEPARTMENT OF PUBLIC WORKS WATER DIVISION

The City of Methuen Department of Public Works - Water Division will be implementing a state mandated **Water Main Flushing Program**. This program will begin on Monday, June 7, 2010, on the East side of the City running through the Milk Street area, Swan Street area and Merrimack Street areas. The program will be in operation, Monday through Friday, from 8 a.m. to 4 p.m., for the next several weeks, with the possibility of some nights and weekends.

Discolored water may be experienced for a brief period of time. By running an outside faucet would help clear your line. Prior to washing any clothing, please make sure that you check your water.

If any persistent problems occur, please call the Methuen Department of Public Works - Water Division at 978-983-8855.

**Thank You
Raymond E. DiFiore
Director of Public Works**
